Winter 2017

New Microbrewery, Restaurant, Beer Garden and Banquet Facility Coming to Sauk City

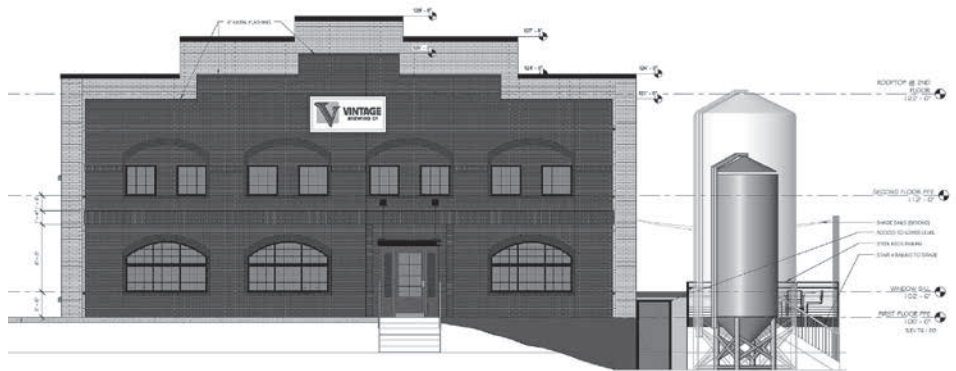

Friede & Associates is pleased to announce that work has begun on the new Vintage Brewing Co. brewery, restaurant and banquet facility located in Sauk City, Wisconsin.

The Vintage project includes the development of a 10,000-square-foot microbrewery on the facility's lower level, and allows for the development of a new bar, restaurant and outdoor beer garden on the main level, as well as a meeting and banquet facility with seating for 250 on the second level. The complex takes maximum advantage of the amazing views its location along the Wisconsin River provides. The project is scheduled for a Fall 2017 completion.

An open house and brewery design reveal was held on September 15 at Ramaker Associates in Sauk City. Ramaker is Friede's design/build partner on this project.

Vintage Brewing Co. is a family-owned and operated brewpub in Madison, Wisconsin, featuring "elevated Americana" cuisine and an eclectic array of highly-acclaimed house-made brews. The Woodshed Ale House, also owned by Vintage Brewing Co., is the Sauk Prairie Riverway's premier destination for craft beer and good times, featuring the best local craft beer, an impeccable wine list and full bar...not to mention their delectable hand-crafted pizzas!

Stay tuned for more news about this project!

The new Monk's at The Wilderness outdoor bar and dining area was completed just in time for the 4th of July holidays. The Wisconsin Dells project also included closing in and finishing the former outdoor dining area and opening it up to the existing dining area, substantially increasing the indoor dining space for customers who frequent the popular bar and grill.
