## 7 Friede Projects Honored With Gold Awards

**T**he 2015 ABC of Wisconsin Projects of Distinction Awards Program was held February 18, 2016 at Glacier Canyon Lodge Conference Center in The Wisconsin Dells. Friede & Associates' team members, as well as project owners and design team members, were present to accept the prestigious awards.

The Projects of Distinction Awards program is designed to recognize the most distinct construction projects in Wisconsin, and to elevate the awareness of the quality construction performed by

ABC member firms and their employees.

Projects are judged on safety, craftsmanship, execution and

coordination, budgeting, scheduling, unusual challenges, owner and architect satisfaction and overall distinctiveness. Friede & Associates is proud to have had seven construction projects recognized as Gold Award winners.

In addition to the seven Gold Awards, Friede was once again the recipient of the Merit Award, an award given to the contractor who uses the most ABC member subcontractors on their projects.

Congratulations to all of our team members and associates for their hard work, innovation and commitment that goes in to each and every construction project we perform. And, thank you to all the owners who placed their trust in us to deliver the quality project they envisioned.

*It takes a strong team of subcontractors and owners to consistently produce award-winning projects like these. Friede & Associates is pleased to call this our team! Now you can see why our tagline is, "The Excitement Is Building!"*
