

ABC-Wisconsin Projects of Distinction Awards

Owners, construction partners and Friede team members gather on stage at the ABC-Wisconsin Projects of Distinction Awards Program, which was held during ABC SuperCon 2018 at the Glacier Canyon Lodge Conference Center in The Dells.

The 2017 ABC of Wisconsin Projects of Distinction Awards Program was held February 15, 2018 at the Glacier Canyon Lodge Conference Center in The Wisconsin Dells. Friede & Associates' team members, as well as project owners and design-build team members, were present to accept the prestigious awards.

The Projects of Distinction Awards program is designed to recognize the most distinct construction projects in Wisconsin, and to elevate the awareness of the quality construction performed by ABC member firms and their employees.

Projects are judged on safety, craftsmanship, execution and coordination, budgeting, scheduling, unusual challenges, owner and architect satisfaction and overall distinctiveness. Friede & Associates is proud to have had three construction projects recognized—one Gold Award and two Silver Award winners:

- Therapy Without Walls, Gold Award, Restoration & Renovation
- HuHot Mongolian Grill, Silver Award, Commercial Project Under \$2 Million
- Lodi Veterinary Clinic, Lodi, Wisconsin, Silver Award, Restoration & Renovation

The Lodi Veterinary Clinic project in Lodi, Wisconsin earned a Silver Award in the Restoration & Renovation category.

In addition to the three project awards, Friede was once again the recipient of the Built on Merit Award, an award given to the contractor who uses the most ABC member subcontractors on their projects.

Congratulations to all of our team members and associates for their hard work, creativity, innovation and commitment that goes into each and every construction project we perform. And, thank you to all the owners who placed their trust in us to deliver the quality project they envisioned.

Visit our website, www.friede.com, for more photos and details about these award-winning projects.

HuHot Mongolian Grill is a new 5,200-square-foot stand-alone restaurant in Lake Delton. The 1,900-pound circular grill (right) is the centerpiece of the new interactive dining experience.

Therapy Without Walls is a 5,100-square-foot remodel of an existing furniture store into an office building. The renovation includes a new entry with cultured stone, new offices, therapy rooms, meditation rooms, a large breakroom and a new dual purpose conference room.
