

Executive Residence

Scope: New Residence, Carriage House, and Pool

Location: Wisconsin Dells, Wisconsin

Designer: Shulfer Architects

This executive residence and carriage house is just one of the high-end homes Friede & Associates has constructed. Located on top of a hillside in Lake Delton, Wisconsin, the 11,300-square-foot, three-story home also includes a three-level carriage house and pool with a 120-foot glass and timber bridge connecting the two buildings.

The lower level of the wood frame structure contains a one-car garage with mechanical room, family and recreational room, children's game room, theatre, sunken bar, guest bedroom, full bathroom, and a covered patio. The main level includes an entry foyer, a family foyer, pantry, laundry and mudroom, kitchen, dining room, great room, office, children's space, four-car garage, and patio.

The second level has a master bedroom, master bath, laundry room, three bedrooms, two bathrooms, and an exercise room. The residence is topped with a 12-sided observation tower with circular staircase, 360° windows, custom wood trim, wood ceiling, and an outside deck with glass railings so as not to impact the view. The exterior façade is highlighted with an Exterior Insulation Finishing System (EIFS), natural stone, and wood timbers.

This project was recognized by the Associated Builders and Contractors (ABC) of Wisconsin as a 2013 Gold Project of Distinction.
